

2nd Annual European RAW Surgery Symposium
Ghent 13th -15th May 2018
Venue ORSI Academy
www.raws2019.com

Program

Monday 13th May 2019

14.00	Welcome What I think about Robotic Abdominal Wall Surgery	Filip Muysoms	Ghent, Belgium
14.10	Introduction to robotic abdominal wall surgery		
	<i>Moderators</i>	Nadia Henriksen Ulrich Dietz	Copenhagen, Denmark Olten, Switzerland
14.10	Groin hernia		
	Robotic groin hernia repair: rTAPP	Malene Juste Busse	Kolding, Denmark
	Robotic groin hernia repair: extending my MIS indications Q&A	Archana Ramaswamy	Minneapolis, USA
14.40	Ventral hernia		
	Robotic ventral hernia repair: rIPOM	Sigrid Groven	Oslo, Norway
	Robotic ventral hernia repair: preperitoneal	Inan Ihsan	Geneva, Switzerland
	Robotic ventral hernia repair: retromuscular Rives-Stoppa with double dock approach	Arun Prasad	New Delhi, India
	Robotic ventral hernia repair: retromuscular single dock TARUP repair Q&A	Carlos Vaz	Lisbon, Portugal
15.40	<i>Coffee or tea & exhibitors' time</i>		
16.00	Symposium CMR Surgical		
	The Versius robotic platform	Filip Muysoms	Ghent, Belgium
16.30	Keynote lecture		
	Indian experience of robotic hernia surgery	Arun Prasad	New Delhi, India
16.45	Anatomy of the anterior abdominal wall: cadaveric dissection		
	<i>Moderators</i>	Vedra Augenstein Eric Pauli	Charlotte, USA Hershey, USA
	Posterior component separation	Yohann Renard	Reims, France
17.30	Keynote lecture		
	Models for teaching laparoscopic TAPP and ventral hernia repair.	Ulrich Dietz	Olten, Switzerland.
17.45	Anatomy of the anterior abdominal wall: cadaveric dissection		
	<i>Moderators</i>	Birgitta Hansson Maria Cristina Gonzales Alonso	Nijmegen, Netherlands Barranquilla, Columbia
	Anterior component separation	Yohann Renard	Reims, France
18.15	Keynote lecture		
	History of ORSI Academy	Alex Mottrie	Aalst, Belgium
18.30	<i>Welcome reception & exhibitors' time</i>		
20.00	<i>Faculty diner</i>		

Tuesday 14th May 2019

08.15	LIVE surgery from Maria Middelaes <i>Moderators</i>	groin hernia repair: rTAPP Sigrid Groven Manuel Lopez Cano	Oslo, Norway Barcelona, Spain
09.30	Meshes and robots <i>Moderators</i>	Barbora East Inan Ihsan Nele Van De Winkel Tero Rautio	Prague, Czech Republic Geneva, Switzerland Leuven, Belgium Oulo, Finland
	Meshes for abdominal wall repair Comparison of robotic systems Q & A		
10.00	<i>Coffee or tea & exhibitors' time</i>		
10.30	LIVE surgery from Maria Middelaes <i>Moderators</i>	ventral hernia repair: rTARUP Malene Juste Busse Victor Radu	Kolding, Denmark Bucharest, Romania
12.00	Loss of domain: preoperative optimization <i>Moderators</i>	Vedra Augenstein Carlos Vaz Barbora East Yohann Renard Manuel Lopez Cano	Charlotte, USA Lisbon, Portugal Prague, Czech Republic Reims, France Barcelona, Spain
	Physiotherapy for preoperative optimization Progressive pneumoperitoneum Botox in abdominal wall repair Q & A		
12.45	Keynote lecture		
	Robotic hernia repair: review of the literature	Nadia Henriksen	Copenhagen, Denmark
13.00	<i>Lunch & exhibitors' time</i>		
13.30	Symposium Medtronic	tbc	tbc
14.00	LIVE surgery from Maria Middelaes <i>Moderators</i>	incisional hernia repair: roboTAR Tero Rautio Vlad Burdakov Diego Cuccurullo	Finland Voskresensk, Russia Napels, Italy
16.10	Keynote lecture		
	Milos and e-MILOS	Wolfgang Reinpold	Hamburg, Germany
16.25	<i>Coffee or tea & exhibitors' time</i>		
16.45	Round table: starting robotic hernia surgery in Europe <i>Moderators</i>	Archana Ramaswamy Eric Pauli Brian Jacob	Minneapolis, USA Hershey, USA New, York, USA
	Panel discussion: Nele Vandewinkel Barbora East Nadia Henriksen Tero Rautio Yohann Renard Wolfgang Reinpold Sigrid Groven	Belgium Czech Republic Denmark Finland France Germany Norway	Portugal Romania Russia Switzerland Spain The Netherlands Italy
17.45	Keynote lecture		
	CT scan imaging of the abdominal wall	Eric Pauli	Hershey, USA
20.00	<i>Symposium event</i>		

Wednesday 15th May

09.00	Introduction to robotic abdominal wall surgery <i>Moderators</i>	Nele Van De Winkel Arun Prasad	Leuven, Belgium New Delhi, India
09.00	Incisional hernia Robotic incisional hernia repair: roboTAR Robotic incisional hernia repair: preperitoneal Robotic incisional hernia repair: robotic eTEP Q&A	Conrad Ballecer Vedra Augenstein Igor Belyansky	Phoenix, USA Charlotte, USA Annapolis, USA
10.00	I do not have a robot Groin hernias: enhanced view TEP Ventral hernias: eTEP Rives Stoppa Incisional hernias: eTEP TAR Q & A	Maria Cristina Gonzales Alonso Victor Radu Vlad Burdakov	Baranquilla, Columbia Bucharest, Romania Voskresensk, Russia
10.45	<i>Coffee or tea & exhibitors' time</i>		
11.00	Keynote lecture Italian experience with robotic hernia surgery	Diego Cuccurullo	Napels, Italy
11.15	Keynote lecture The role of robotics in the management of abdominal wall and groin pain.	Brian Jacobs	New York, USA
11.30	Parastomal hernia repair <i>Moderators</i> Robotic assisted intraperitoneal Sugarbaker Pauli's Parastomal Hernia Repair Treatment of recurrent parastomal hernias. Q & A	Archana Ramaswamy Tero Rautio Birgitta Hansson Eric Pauli Filip Muysoms	Minneapolis, USA Oulo, Finland Nijmegen, Netherlands Hershey, USA Ghent, Belgium
12.30	Meeting conclusion
